

SOFIIA (SONYA) GADOMSKA

First-Year Architectural Engineering Student | University of Waterloo

Kitchener, ON | 437-660-6308 | sonya.gadomska@gmail.com [LinkedIn](#) | [Portfolio](#)

PROFILE

- First-year Bachelor of Applied Science student in Architectural Engineering at the University of Waterloo, available for a four-month January-April 2027 co-op term.
- Developing skills in architectural design, building engineering, AutoCAD, Revit, Rhino 3D and SketchUp through university studies and intensive design programs in Canada, the United Kingdom and Ukraine.
- Strong mathematics and science foundations, art skills, visual communication, and hands-on project and physical model-making experience.
- Interested in multidisciplinary built-environment projects, sustainable development, building technologies, urban design, and contextual and cross-cultural architecture.

EDUCATION

University of Waterloo | Waterloo, ON

2026-Present

Bachelor of Applied Science (BASc), Architectural Engineering - First Year | Architectural design, building engineering and technical problem solving.

Resurrection Catholic Secondary School | Kitchener, ON

2023-2026

Ontario Secondary School Diploma | Recognition of Academic Excellence (2024, 2025); Co-Curricular Award nominee (2023)

WORK EXPERIENCE

Dead Lawyers Cinema Club | Ukraine / Remote

Current / Part Time

Social Media & Communications Assistant

- Support social media marketing and communications for a Ukraine-based cultural project while working remotely from Canada.
- Prepare and publish digital content, coordinate routine social media activity, and support online audience engagement.
- Work independently across time zones, balancing ongoing communications responsibilities with academic commitments.

SELECTED DESIGN & TECHNICAL PROJECTS

- What Remains of Home | Jan 2026 - Constructed an internally lit architectural model of a residential building, combining physical model-making, material exploration and architectural communication.
- Reinterpretation of Bickford Park | Jul 2025 - Developed an inclusive public-space proposal connecting an established skate area with the neighbouring community centre, exploring spatial planning, user needs and community-focused design.
- Flower Kiosk in Kyiv | Dec 2025 - Created a detailed clay-and-acrylic architectural model exploring materials, weathering, everyday use and urban context.

DESIGN & TECHNICAL DEVELOPMENT

UCL Bartlett Summer School

London, UK | Jul 2026

Completed an intensive architectural design program focused on concept development, Rhino 3D modelling and design communication. Developed a design proposal through spatial exploration and final presentation of the work.

Kharkiv School of Architecture, University Preparation Course

Ukraine, Remote | Sep 2025-Jan 2026

Developed an architectural portfolio through architectural drawing, concept development and visual communication. Completed projects exploring architecture, place, memory and identity.

Daniels Design Discovery, University of Toronto

Toronto, ON | Jun-Aug 2025

Architecture discovery program focused on architectural drawing and physical model-making. Developed design proposals through drawing, spatial exploration and construction of physical models.

UBC SALA Design Discovery

Vancouver, BC | Jul-Aug 2025

Completed the Designing for Behavior program, focused on the relationship between human behaviour, space and design. Explored how design choices can influence the use and experience of spaces.

LEADERSHIP & COMMUNITY EXPERIENCE

Creative Destruction Lab Apprentice Program

Toronto, ON | 2024-2026

Selected for three consecutive years; observed technology startup founders present technical and commercial challenges, joined small-group mentor meetings and contributed to discussions on strategy, development and fundraising.

Grassroots Response to the Ukrainian Crisis

Kitchener, ON | May-Jun 2025

Helped prepare temporary housing for newly arrived families through light renovation, room organization and assembly of essential supplies.

Phoenix Friends

Kitchener, ON | May 2025-2026

Help organize school events and newcomer orientation, deliver introductory presentations and support student integration activities.

Relay For Life Committee, Canadian Cancer Society

Kitchener, ON | Feb-Apr 2025

Contributed approximately 30 hours to planning and coordinating a fundraising and cancer-awareness event.

TECHNICAL SKILLS & LANGUAGES

Digital tools: AutoCAD (working knowledge), Revit (basic), SketchUp (working knowledge), Rhino 3D (basic).

Design: architectural drawing, concept development, physical model-making, 3D modelling, visual communication, presentation.

Additional strengths: collaborative problem solving, teamwork, presentations.

Languages: English (C2), French (C1), Ukrainian (native).

Availability: Four-month University of Waterloo co-op term, January-April 2027. Eligible to work in Canada; open to relocation within Canada and international opportunities.
